DRINKING WATER FOR EVERYONE

The solution to rapid access to drinking water for sub-urban and rural populations

Kisumu February 6th,
2019

Christophe Camperi-Ginestet,
CEO Sunwaterlife

Sunwaterlife

Who we are What we do?

*Develop, Manufacture and
sell solar powered water
purification systems*

Sustainable Innovation

Manufacturing

Water treatment **KIOSK**

Water **ATM**

PAYGO

Connected payment
systems

Fintech

Crypto currency
Blockchain

R&D

LabCom MOST

Membrane Distillation

Real-time on the field bacteria
detection

Partners

University

Governmental agencies

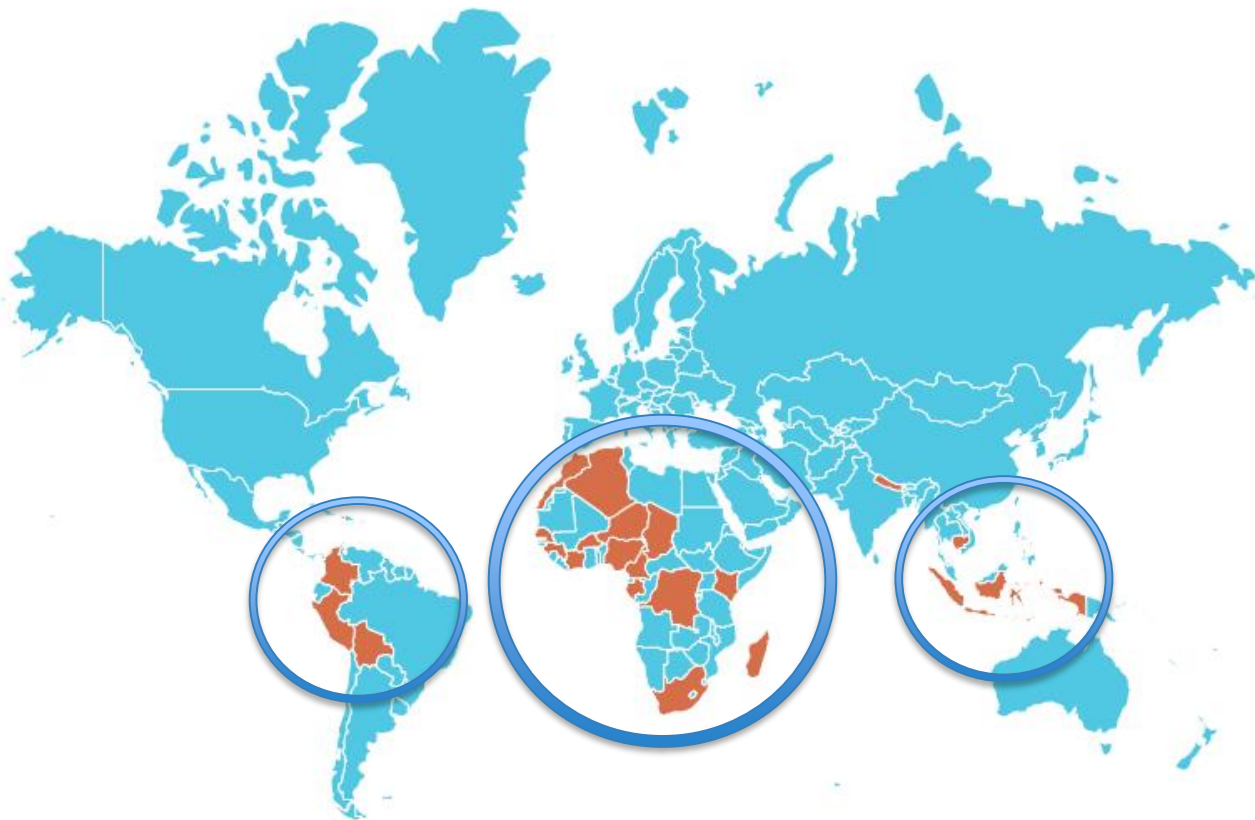

Location

5 subsidiaries on 3
continents

We are in
22 countries

Our solutions

Water purification systems

Solar Powered

Connected

Technology

Reliable, Proven in harsh environment

Low maintenance, Easy to use

PAYGO ATM, KIOSK

Modular, Fast deployment!

TECHNO MAGIC

OUR PRODUCT RANGE

Mobiles

Aqualink TRIP
Revers Osmose
80L/h

Aqualink UF
Ultrafiltration
300L/h

OUR PRODUCT RANGE

Fixed, Modular

**Aqualink
PAYGO ATM**

Aqualink SKID
Ultrafiltration
1m³/h

Aqualink PAYGO KIOSK
Ultrafiltration
Up to 8m³/h

Applications

Health centers, Ebola,
Cholera crisis...

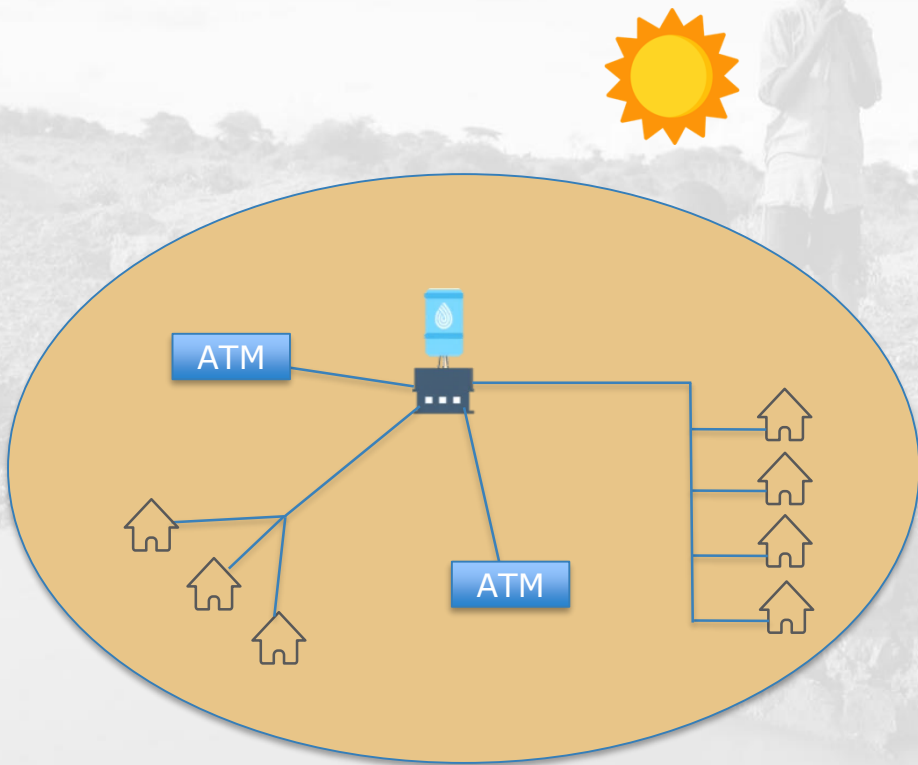

Rapid deployment of a
drinking water network in
emergency situation:
Flooding, landslides...

Off-Grid network for houses
or villages in rural area,
Schools, orphanages...

Kiosk PAYGO Water ATM

The Off-Grid solution for Sub-Urban or Rural housing
