# ECOH HOLDINGS Ltd

- Was incorporated in 2006
- ECoH provides solutions that mitigate challenges in **Environment**, **Agriculture** AND **Human Health**

## BACKBONE

- 24Hr Composting technology converts organic waste into a resource, organic fertilizer within 24Hrs
- eliminates breeding sites for vectors, thus ensuring better public health, sanitation and disease prevention.
- Eliminates production of leachates emanating from decaying organic matter hence no contamination of ground water
- Attainment of dual purposes through our slogan “**From Garbage to Cabbage**”

# Outcomes:

- 1.) Eliminate **leachate**, **No ground water contamination** (SDG 6 , 2 & 14).
- 2.) **Organic fertilizer** produced from composting waste to increase food security (SDG 2)
- 3.) Mitigate **Methane emissions**, does not aggravate climate change (SDG 13)
- 4.) Create **employment** for the Youth & Women (SDG 1 & 8)
- 5.) Attainment of the National Government's **Big 4 Agenda** – Manufacturing, Food security, Health care and Housing plus attainment of the Vision 2030.
- 6.) 24Hr composting technology meets **13 out 17 SDGs**
- 7.) All the above achieved through a **green and circular economy for Responsible consumption and production (SGD 12)**

## Coming soon: Kenya's 4th 'greening' conference and exhibition

The two-day event to promote sustainable development will take place at KICC, Nairobi

## Achievements:

- Innovation award on Green Growth.
- Produce a versatile organic fertilizer from waste in our own facility.
- Initiated waste management project in Nigeria. A second project begins in March 2019.
- Currently treating effluent -Nzoia Sugar Co.,Njoro Canning Factory, Savoror & Cikar, safely into aquatic environment.
- Initiated a Collaboration with UNHABITAT & KIBRAGREENS to manage solid waste in Kibra.

# What are we looking for?

- 1) Funding for scaling up of project.
- 2) Implementation partners to replicate this impact within Kenya and Africa at large – County govt, NGO, Donors, UN Agencies,
- 3) Partnerships ( Not reinvent the wheel)  
SDG 17

Are you on board to create for impact?
