SMART DEVELOPMENT WORKS

SNV

Performance Enhancement for Water Utilities in Kenya (PEWAK)

Innovative Financing

- a. Blended Financing
- b. PBC/PPP

- Creation of District Metered Areas.
- Management of non-revenue water through adoption of technology

Benchmarking:
Promoting best
practices

Enhance Capacity:
(Organizational
Development)

Our Call

Proposed Performance Based Contracting (PBC) (Kenol DMA)

Population in the area	28,728 estimated population
Actual number of connections	2,159 Total connections and of which 1,944 connections are active.
NRW	Estimated to 60%
Expected NRW Target	NRW Reduction to 24% With agreed gradual yearly reduction percentage
Expected investment expected by the contractor (Capex)	Ksh 15 to 20 million
Expected Contribution by Murang'a South	Full support to the contractor to reduce unauthorized connections and improve meter readings

Enhancing consumer relations through the adoption of technology

Every system is
perfectly designed
to get the results it
gets- W. Edwards
Deming

**Lets participate in making the world a
better place.**
