

FAECAL SLUDGE TO GREEN ENERGY

IMPACT

- Address Sanitation Challenge – SDG6
FSM
- Provision of Green Energy Solution
- Environment conservation- saving trees
- Job creation

MAKAA DOTCOM

WHERE WE ARE

- We have high demand for MakaaDotcom
- We are currently producing 6 tons of MakaaDotcom per month
- We sell Makaadocom in Nakuru and its environs with a vision of expanding our market base.

WHERE WE WANT TO BE

- To grow from 6 tons per month to 150 tons per month
- To enhance alternative energy solutions
- To create more employment for youth and empower women in the society
- We are looking for finance support to make the production processes more efficient and to enhance the marketing and distribution strategies

Come talk to us!

THANK you
